From Elmore Baptist Association

"Churches in Fellowship & on Mission"

July 11, 2007

from your
Associational
Missionary . . .

Associations recently
had a birthday. We are
now 300 years old!

I believe churches coming together voluntarily as a family of churches is the result of a movement of God. While associational work has found different shapes/forms over the years, I believe the need for Baptist associations is greater today than ever before.

I see great value in local churches working together cooperatively in and through their local Baptist Associations. We witness added strength as we work together in the Kingdom.

In response to the Great Commission, we partner together in Evangelism, Missions and Discipleship.

+We are encouraging and equipping churches to share the Gospel through worship, witness and special events (revivals, VBS and other opportunities.)

+We are partnering with a church in Jutiapa, Guatemala and considering partnerships with churches in Michigan.

+We are committing ourselves to equip the churches in the discipling of believers.
